Supplies: per child

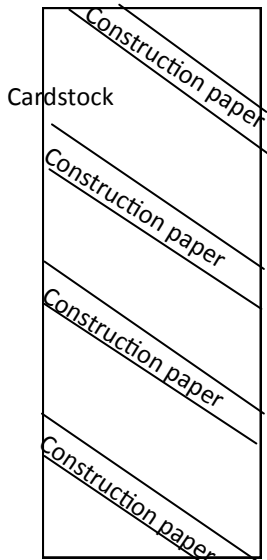

Red / Orange / Yellow / Green / Blue / Purple

Cardstock 1/2 sheet each color

Construction paper strips 3 strips each color

Graphics / passage pages

2—36" ribbon (1/4" wide)

Pages: 1/2 cardstock and 3 strips construction paper

—the colors are both red but the cardstock red should be brighter or deeper red than construction paper

Glue strips diagonally across the cardstock for all 6 colors (strips should be approx. 1/2")

Cut out and arrange the graphics and passage = 1 page per day of learning

\*\*suggestions = have younger students color the graphics in class and glue in their book daily

take class pictures on Monday for book on Friday

Monday :start the book—complete each page of book—cardstock and strips

Start with cover and Monday story graphics—do as many days tues-wed-thurs story graphics as have time

Tuesday –Wednesday—Thursday there are other craft suggestions

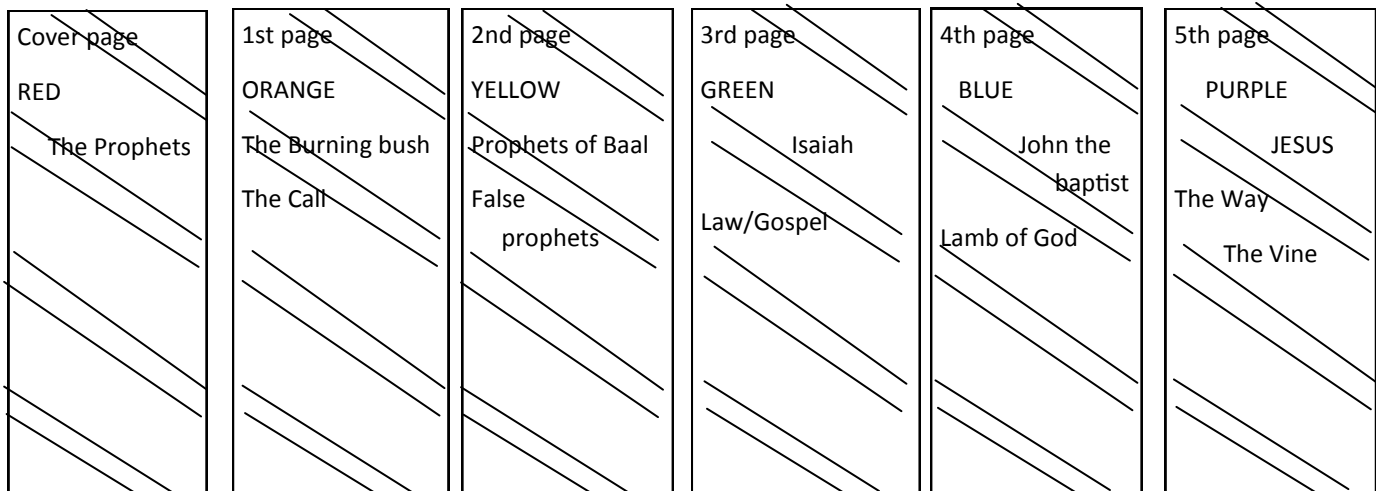

Friday: finish the book—Finish gluing story graphics to book pages

Finish book with ribbon holding the pages together

Ribbon—glue ( double stick tape will also work but is more expensive)

—turn pages over and lineup next to each other

—glue ribbon across all near top and bottom of the book

## Day 3 Craft— Sand art Cross

### Tools needed craft for both levels:

Sponge makeup applicators (to apply glue fingers work also)

Scissors for upper grade level

Paper for catching excess sand -

using paper to also sprinkle the sand onto the glued area works well to channel sand where needed—upper level

### Before class Prep work

#### Materials for craft for Sand cross

Sand art cross cutouts—1 large and 1 small white cardstock

Brown and black sand —can mix with clear glitter for a sparkle effect

Outer brown construction paper cross

3D dots

Ribbon for use as hanger

#### Instructions: Sand art cross

1. Use card stock cross to trace outside on brown construction paper then cut out the white area of the Cardstock cross
2. Cut Small center cardstock cross (small black/red) cross
  - mix black and brown sand together for a texture look
  - apply glue to the cross and sprinkle with sand mixture
3. Loop a ribbon piece and tape to the brown construction paper cross to use as hanger tape in an area where the white cross will be glued—this will strengthen the hanger
4. Glue the sand cross to the center of the white cross
5. Place 3D dots on the brown cross first then position the white cross into center
